VOLUNTEER PURPOSE

The purpose of the SafeCenter Volunteer Program is to empower and support survivors of domestic and sexual violence through the efforts of volunteers.

MISSION STATEMENT

SafeCenter builds comprehensive and sustainable community strategies to eliminate domestic and sexual violence in Clinton & Shiawassee Counties.

VISION STATEMENT

SafeCenter supports a community where all individuals experience the right to be safe from domestic and sexual violence.

PHILOSOPHY

SafeCenter advocates the right for every person, adult or child, to live in a non-violent environment where individuality and equality are recognized and respected. We seek to maintain a supportive atmosphere wherein victims are able to obtain information, explore options and ultimately make their own choices. We understand that the scope of domestic and sexual violence transcends our local community. Work against societal violence must be achieved through networking at the local, state and national levels. Heightened awareness can lead to changes in society's attitudes about victims and the conditions which lead to violence. Domestic and sexual violence are crimes that not only affect the victims and their families but society as a whole. Interventions must support survivors and hold abusers accountable through coordinated community responses

SafeCenter provides the following programs and services:

- Emergency shelter 24 hours per day, 7 days per week.
- 24 hour crisis and information and referral services for victims of domestic and sexual violence and stalking.
- Individual Counseling and Advocacy.
- Food, clothing and personal care items.
- Housing assistance.
- Legal advocacy (including court advocacy, PPO assistance, divorce and child custody referrals to legal services).
- Supportive services, including support groups for adults and children, both on-site and at various locations.
- Transitional Supportive Housing Program (supportive housing for a maximum of two years and referrals).
- Prevention and education programs.

HISTORY

The concept of SafeCenter's existence began in 1983 by Janet Holden who recognized the need for an agency in Clinton County to help victims of domestic violence. By 1985, with the help of volunteers and the Clinton County Sheriff's Department, the 24-hour crisis line was up and running.

SafeCenter's first shelter opened in 1987 with a generous donation of a 17-bedroom convent from a local church. By October of 1993, SafeCenter's services were expanded into Shiawassee County and in 1996 SafeCenter's services were extended to victims of sexual violence.

SafeCenter continues to focus on providing effective and efficient service, outreach and education in response to emerging and continuing needs of survivors.
